Small Glasses: Front	46.80	Side of frame:	25.40	Whole frame:	52.80				

	Single Vision	Bifocals
Complex Lenses:	£12.10	£30.50
Prisms (per lens):	£10.40	£12.50
Tint / Photochromic:	£3.50	£4.00

GOS Sight Test Intervals

Age	Clinical Condition	Interval
Under 16	All patients	1 year
16 – 69	All patients	2 years
70 & over	All patients	1 year
Any age	Glaucoma (not in a monitoring scheme)	2 years (1 year)
	Diabetic	1 year
	Ocular hypertension (not in a monitoring scheme)	1 year
Under 7	BV anomaly / corrected refractive error	6 months
7 - under 16	BV anomaly or rapidly progressing myopia	6 months
40 & over	Glaucoma family history	1 year

Early Re-test Reason Codes

England, Wales, N. Ireland

Scotland

- Patient is at risk of frequent changes of prescription for reasons not requiring medical referral or for reasons already known to a medical practitioner. - justified by the patient's history as recorded on the patient's record.
- Patient has pathology likely to worsen, for example age-related macular degeneration, cataract, corneal dystrophy, or congenital anomalies.
- Patient has presented with symptoms or concerns requiring ophthalmic investigation: 3.1 resulting in referral to a medical practitioner; or 3.2 resulting in issue of a changed prescription; or 3.3 resulting in either no change or no referral (the patient's record should indicate any symptoms shown to support this category of claim, if necessary).
- 4.1 Patient needing complex lenses; or 4.2 with corrected vision of less than 6/60 in one eye.
- Patient has: 5.1 presented for a sight test at the request of a medical practitioner; or 5.2 is being managed by an optometrist under the GOC referral rules, for example suspect visual fields on one occasion which is not confirmed on repeat, or abnormal IOP with no other significant signs of glaucoma; or 5.3 identified in protocols as needing to be seen more frequently because of risk factors.
- Other unusual circumstances requiring clinical investigation.
- Patient has presented for a sight test at the request of a medical practitioner; or
- Other unusual circumstances requiring clinical investigation. Annotate the GOS(S) 1 form.
- Early response, by up to 4 weeks, to recall. This allows testing where the appointment has been arranged to suit an individual patient's circumstances.

Clinical Condition Codes

BVA	Binocular Vision Anomaly	CRE	Corrected Refractive Error	RPM	Rapidly progressing Myopia
-----	--------------------------	-----	----------------------------	-----	----------------------------
